

# CHEMICAL DEPARTMENT

## VISION

The department is committed to providing its students with an education that combines rigorous academic study and developing a far more ambitious, integrated and inertial environment that will best serve the nation.

## HISTORY

- Chemical department established in 1998.
- Academic and research programs intake by 2010.

## LABORATORIES

- Fluid ow lab, Heat transfer lab,
- Process control lab,
- Reaction engineering lab,
- Fluid particle dynamic lab,
- Environmental engineering lab,
- Computer oriented numerical analysis lab, simulation lab,
- Analytical instruments, More then 400 chemicals in the department.

## RESEARCH

- 4 Patents led
- 3 Research and development projects,
- 30 publications in SCI journals,
- 40 publications in conference proceedings,
- 3 short term training,
- 1 conference programs organized,
- 53 lakh rupees research grant in the name of department.

## STUDENT ACTIVITIES

- Chemical Engineering magazine (Chemibuzz) started in the year 2018.
- IChE student chapter and Innovarious.

## RENOWNED ALUMINI

- Anurag Soni - Production Manager, Aditya Birla Group.
- Vineet Choudhary - Exxon Mobil, USA
- Amit Mangal - BARC, Mumbai
- Ankita Agarwal - Scientist professor at NPCIL
